The next PEA Chapter 9 meeting would be announced after the New Year.

Discussions

There being no further business to discuss, the meeting was adjourned at – 0930 hrs.

Due to the demonstration for IBIS being held at another location in the building, the meeting was adjourned before the presentation and demonstration. This enabled everyone to gather belongings and they were to leave from the secondary location, since we were not returning to the primary meeting place.

There was also a tour of the Escambia County Sheriff's Office Evidence and Property Warehouse offered after the IBIS demonstration.
